

Chimney Swift Count

Please fill out form completely and submit as soon as your count is done. **Submitting to eBird is preferred** (go to eBird and [read their quick-start-guide](#)) OR scan, copy info into email, or mail to Fred Dike, Wisconsin Chimney Swift Working Group, freddmadison@aol.com, 2613 Waltham Rd., Madison, WI 53711. Fred will compile the results and enter them in eBird. *If you have any questions, please email or call Fred at (608) 469-4970.*

Guidelines: Choose a likely chimney. Observe and count all swifts that enter the chimney starting about 30 minutes prior to sunset until 10 minutes after the last swift has entered. Count any evening from early August in Northern Wisconsin to mid- to late September in southern Wisconsin.

Report Form

Date of Observation:

Time of Observation: Start: _____ End: _____
